OFFICE OF THE DIRECTOR

Commander Gordo Murry
Commanding Officer, VF-33
Naval Air Station
Oceana, Virginia 23460

Dear Gordo:

I can never thank you enough for the outstanding hospitality you and your staff extended to me during my recent visit to VF-33 and NAS Oceana.

This was my first flight in an F-4, and I must say that I was impressed not only with the aircraft's capabilities but with the skills demanded of the pilots. It was a great flight which I thoroughly enjoyed. I want you to know I would fly with you again any time.

It was obvious to me that you have the admiration and respect of your men, and I congratulate you for your professionalism. The U. S. Navy can be justly proud of the outstanding accomplishments of VF-33.

Thank you again. Let's keep in contact; stop by and say hello the next time you are in Washington.

Sincerely,

Clay T. Whitehead

P.S. Regarding your comment on degrees of fun in various states of attire, I have decided I agree completely.
