MEMORANDUM FOR: Tom Whitehead

FROM: W. W. Scranton *WWS*

Governor Romney was in to see me this morning. He has talked with the President several times about voluntary action and believes strongly that well-organized action encouraged by the President could be of great support to him (the President) in his immediate bipartisan effort.

Governor Romney suggests that he and Max Fisher and Bob Hill, the head of the National Center for Voluntary Action, would like to see the President soon in line with your efforts to have various groups and types consult with the President now.

You may reach Governor Romney at (313) 642-5011.
