We want to give you the best service possible - Please note the following :

- 1) Clarity of duplication depends on the condition of the original. Because of the age of some images (photographs, negatives, documents, etc.), some reproductions may be faded or have other marks. Your satisfaction is important to us and we endeavor to give you the best product possible.
- 2) Certain photographs, negatives, images and/or other information (hereafter referred to as "images") may be copyrighted. Clients are advised to follow current laws and obtain the necessary rights, if needed. Archival Research International / Double Delta Industries, Inc. & Pike Military Research and their employees reproduce images and texts as a service to you, the client and can neither grant nor deny permission to publish these images. We are not responsible for any damages arising from our research or reproductions, to include the client's reliance on the given information or images.

A compact disc (CD) is shown against a white background. The disc's surface is highly reflective, creating a spectrum of colors from blue to green. A yellow sticky note is affixed to the upper right portion of the disc. The note contains handwritten text in red ink.

**Subject:** White House photos of the Office of Telecommunications Policy

Hi again, Hillary,

We interacted last year concerning one WH photo, and now I'm writing again to ask about additional photos that the Historical Association may have.

I'm writing on behalf of my late boss's wife to see if I can get digital images of some old White House photos. In our files, we have some contact sheets of WH photos that I assume we got from your office (but maybe not). There are a number of photos that we'd like to get digital images of, if possible.

I'm not sure how your files are organized, but in case it's useful to you, I will list below the number on the top of each contact sheet, and then the number that I see underneath each of the images we're interested in.

They are:

~~710825 -- 19~~  
~~710825 -- 31~~  
~~710825 -- 50~~  
~~710825 -- 61~~  
~~710825 -- 75~~  
~~710825 -- 87~~  
~~710825 -- 109~~  
~~710825 -- 113~~  
~~710825 -- 114~~  
~~710825 -- 117~~  
~~710825 -- 122~~  
~~710825 -- 152~~  
~~710623 -- 9A~~

Your website says that the charge for digital images differs depending on whether the image is already available digitally so I'm not sure how much our total charge will be and will not include my payment information at this time. Please let me know how much our fee will be, and I will be happy to provide payment.

Many thanks again for your assistance.  
Susan

Hi Hillary,

I'm writing to inquire whether the White House Historical Association has a Newsweek photograph that my boss, Clay T. (Tom) Whitehead, would like a copy of.

My boss believes that the photo appeared in a 1980 issue of Newsweek. The photo was taken when bluegrass musician, Bill Monroe, performed on the White House South Lawn in 1980, and the picture shows President Jimmy Carter with my boss seated next to him. Incidentally, Tom Whitehead was the Director of the Office of Telecommunications Policy under Nixon.

Please let me know if you need further information.

Meanwhile, thanks in advance for your help, Susan Burgess

## ***FEES***

### ***Personal Use:***

There is an image fee but no use fee charged for personal use. However, since photographs for personal use are considered a special order, all sales are final. The photographic material cannot be returned and the fee is not refundable. Exchanges will be provided only in cases of obvious errors (such as the wrong photograph being sent, or shipping damage to the photographic material). WHHA will not be responsible for variations in the colors or tints in the photographic material when compared to the original work, or a reproduction of the material found in other media.

### ***Non-profit:***

If permission is granted for the use of an illustration in a product that is not for sale, the WHHA charges a one-time use fee for each illustration of \$50. If the item will be offered for sale, a \$75 fee will be charged for each use of an illustration. If there is an additional need for the photographic material beyond the use originally contracted for, additional permission must be obtained for that additional use before publication. There will be a usage charge for each such additional use. If an illustration in one of the WHHA's publications or slides is "lifted" for use in a commercial medium, written permission must be obtained in advance. If permission is granted, a reproduction fee must be paid prior to such "lifting."

A credit line must be printed adjacent to each WHHA image or included in the end credits. The credit line should read as specified at the time permission is granted.

If the desired photographic material is to be made from a transparency, an advance deposit of \$50 is required and will be refunded upon prompt return of the transparency in reusable condition. Reusable transparencies should be returned within 90 days to receive a full refund. To keep the transparency longer than the original 90 days, contact the photo archivist for an extension. There will be a charge of \$5 for each additional 30 days the material is not returned.

### ***Commercial:***

If permission is granted for the use of an illustration, the association charges a one-time use fee of \$100 for each transparency, slide, or photograph used in any medium produced or published by a commercial enterprise. If there is an additional need for the photographic material beyond the use originally contracted for, additional permission must be obtained for that additional use before publication. There will be a use charge of \$100 for each such additional use. If an illustration in one of the WHHA's publications or slides is "lifted" for use in a commercial medium, written permission must be obtained in advance. If permission is granted, a \$100 reproduction fee must be paid prior to such "lifting."

A credit line must be printed adjacent to each WHHA image or included in the end credits. The credit line should read as specified at the time permission is granted.

If the desired photographic material is to be made from a transparency, an advance deposit of \$50 is required and will be refunded upon prompt return of the transparency in reusable condition. Reusable transparencies should be returned within 90 days to receive a full refund. To keep the transparency longer than the original 90 days, contact the photo archivist for an extension. There will be a charge of \$5 for each additional 30 days the material is not returned.

### ***Digital Images:***

We are able to provide some images digitally. If the desired image is to be sent digitally, please specify the exact size and ppi needed. If the image already exists in scanned format then the cost is \$20. If a new scan must be made then the cost is \$30. Price of the CD to contain the images is \$15.

***Fee Schedule:***

All photographs are produced unmated and unmounted.

Photographs (color or black and white):

8" x 10" \$40 11" x 14" \$60

16" x 20" \$80 20" x 24" \$100

Deposit on 4" x 5" transparencies, black & white or color is \$50. There will be a non-refundable processing fee of \$50 for all orders that exceed ten transparencies.

Digital files are \$20 for an existing scan and \$30 for a new scan. Cost of the CD is an extra \$15.

For payment, the WHHA accepts cash, checks (payable to the White House Historical Association), American Express, MasterCard, or Visa. Please include your order number on the payment.

NOTE: Sizes of photographs are given for the longer dimensions; the smaller dimensions will vary according to the proportions of the originals. As artwork does not always coincide with the sizes set forth above, materials are reproduced as large as possible for the sizes of photographic prints ordered. Prints will show full images, untrimmed, to the extent possible.

Digital files include scans from 4x5 transparencies or 8x10 prints cleaned of major dirt and dust, to match the specifications of the customer, and not to exceed 14 inches at 300ppi. Color images are corrected to a pleasing color through global corrections only. Digital files may require minimal additional corrections before final production (i.e. un-sharp masking).

Because the WHHA does not maintain a large inventory of transparencies, slides, or photographs, all orders are custom orders. It is necessary to receive payment at the time the order is placed. Your request will be processed in approximately four weeks following the receipt of your order and payment.

Shipping: All domestic orders include shipping via ground Federal Express. If the customer needs the order to arrive quickly, they should provide us with additional payment and/or a federal express or UPS number. All international orders must provide an additional charge for payment. Prices available on request.

## HISTORIC PHOTOGRAPHS

---

### Rights & Reproductions

Thank you for your interest in obtaining a print, transparency, slide or digital image of an illustration owned by the White House Historical Association (WHHA). Most WHHA illustrations, including those appearing in *The White House: An Historic Guide*, *The Presidents*, *The First Ladies*, *The Living White House*, *The White House Garden*, *Art in the White House: A Nation's Pride*, and *The White House: Its Historic Furnishings and First Families* may be reproduced for personal, nonprofit, and certain commercial uses.

The White House Historical Association will review each photographic reproduction request and will grant or deny use permission on a case by case basis. The following are guidelines only:

Permission to use WHHA images may be granted for the following purposes:

- Nonprofit — including educational or charitable projects by nonprofit organizations, such as museums, schools, libraries, government agencies and presidential libraries.
- Personal — for display in a private home or office. Personal use images are not to be published in any way.
- Commercial — the material may be used in a for-profit venture only if the illustration is incidental to and not a major feature of a publication and if use falls within other stated WHHA guidelines.

The following uses are not allowed:

- Advertising
- Resale as prints, slides, transparencies, or in any other type of medium such as CD-ROM
- Internet distribution
- Publications or projects that compromise the image of the White House or work of art.
- Publications or projects where the WHHA images are the major feature of a publication.

The following specifications must be followed when using a WHHA image:

- Images must be used in full, no cropping is allowed
- Images may not be superimposed with type or other images
- Images may not be altered or distorted in any way
- Credit line or end credit must be included

Requests for photographic reproduction permission must be submitted in writing and should include the following:

- Identification of the image desired for use (i.e., the title of the book and the page number where found, name of painting and artist)
- A description of how the image will be used
- A sample of the design incorporating the image (when requested by the photo archivist)
- Anticipated date and print run
- Name, address, phone and fax number of contact person
- Federal Express or UPS account number if you wish the image to be sent ASAP (if it is available)

**Terms and Conditions**

An order may not be cancelled once VIP receives the originals from National Archives and Records Administration (items ordered are not inventory items).

VIP will not be responsible for errors made by customers in placing their orders, nor for any defects, which in its judgement are inherent in the originals or the reproduction process. Any copies made may not be returned to VIP for refunds, credit, or exchanges.

Please allow approx. 10 work days for receipt of your order after we receive originals from National Archives and Records Administration (large orders may require more time).

**Order Procedure:**

To simplify the ordering process and assure record integrity, VIP suggests that completed NARA -REPLY TO INQUIRY forms be used as your VIP order form (submitted to VIP with payment.) Mail or fax orders to VIP at (301) 927-5013 - MINIMUM ORDER - \$20. NARA images must be properly identified. Most images should have an RG number, series, frame number, and a brief description.

10/23/01 - Spoke to Steve Green (ext. 258)

All photos are kept in chronological order.  
Photo sessions taken with the President are easier to locate.

Can you provide a specific date or event (initiative or program announcement) where the group was with the President?

Individuals may browse through the photos; there are currently 140 3-inch binders of photos. Many other photos have not yet been cataloged; there is a volunteer project to do this which is not moving very fast.

Rolls of CTW photos on database:

Roll No. 1222      6/3/69 - 25 images; photos of Clay T. Whitehead, office, and secretaries.  
Roll No. 3735      6/23/70 - 34 images of Clay T. Whitehead, Director of OTP, portraits.

how to get?

- 1) Perhaps this is the one we have - ???
- 2) How do we get these X images? How much would it cost to have any kind of reproduction from which we could make slides? (Can you - it's probably not possible - possibly compare notes with them to see if these are the ones <sup>we already</sup> have?)

to John-

Is there anyone to scan these  
little images/proofs - at Mac, Photo Lab -  
if so maybe someone could bring their  
~~power point~~ LCD projector to the  
party for us to show them.

Thank you,
