Hi, Susan,

Just to confirm your appointments for Wed. April 18 all day and for Thurs. Apr. 19 in the morning.

1. Here is some general information on using the RR:

In order to consult materials in the Reading Room, you will need to fill out an application form, provide a letter of reference from a professional colleague, bring a valid form of photo identification such as a driver's license or passport, and make appointments in advance. We suggest at least two to three weeks' advance notice, as we do get booked up. Please note that we cannot accept an emailed letter of reference as we need a signature, but we can accept it by fax (the fax number is below). The Reading Room is open by appointment only, **Monday to Friday, 9:30 AM to 4:00 PM**, and is closed on weekends and holidays. You can fill out the application form at your first appointment.

Please note that the Reading Room will be closed to readers on the following Mondays and holidays in 2007: April 30, May 21 and 28, June 25, July 4 and 30, Sept. 3, Oct. 8, Nov. 12, Nov. 22-23, Dec. 24-25. After we have confirmed your appointments, we will send you the security information you will need to access this building.

You will also need to send us a list of exactly which materials you would like to consult in advance of your visit, as we have to get them approved by the curators and prepare them before you arrive. Please check our online catalogue, Corsair for this information (<http://corsair.morganlibrary.org/>). We will need author, title, accession number AND call number. It would also be helpful to the curators if you would briefly explain your research project--sometimes they are able to suggest other materials, perhaps things that are not yet catalogued.

Please note that Christine Nelson has waived the letter of reference.

2. And here is the security information that you need to enter the building:

The following is the information you will need regarding security procedures for entering the building, as well as the address. ***Please print out and save this information:***

Please come to the new Staff & Visitor Entrance at **24 East 37th Street, near Madison Avenue**, and announce yourself to the guard on duty. Your name will be on an appointment list with the guard. You will be shown where to check your coats and bags, and will then be directed to the Reading Room. You may want to bring a sweater with you, however, as the Reading Room is rather cool. Also, please note that guests are *not* permitted in the Reading Room. You may bring a laptop computer with you, but please do not bring suitcases to the Morgan. Readers are not permitted to take photographs.

The Reading Room hours are Monday to Friday, 9:30 AM to 4:00 PM, by appointment only. We are

closed on weekends and holidays. If you cannot keep your appointment, please let us know as soon as possible, as we reserve seats for our readers and if you cannot come, we can release your seat to another reader. Please note that the Reading Room hours are different from the Museum hours. For your information, the exhibitions are closed on Mondays. Please make sure to bring a valid form of photo identification with you, such as your driver's license or passport, and bring it with you to the Reading Room.

If you have any questions, please contact us at: readingroom@themorgan.org or call us at: (212) 590-0315

We are looking forward to seeing you next week,

Best,

Inge Dupont

Hi Inge,

After consulting my calendar, I realized that I have a doctor's appointment on Thursday the 19th. Is there any way that I could come Monday and Tuesday (16-17th) or Tuesday and Wednesday (17-18th) of that week instead? It would be great if you could tell me as soon as possible so that I can make my travel arrangements.

I'd like to visit the Morgan Library because I'm doing research concerning JP Morgan Jr.'s involvement with Bell telephone (AT&T) at the turn of the century for a book about the evolution of telecommunications in the 20th century.

I believe I will need two full days to review and copy the holdings that I'm interested in:

- ✓ Box 91 folder 452 – Theo. N. Vail—American Telephone and Telegraph Co. *see notes in book*
- ✓ Box 80 folder 266 – Western Union Telegraph Co. — 4/17/1913 – 12/29/21 — *mainly admin corresp. Vail only referenced once in first letter*
- ✓ Any outgoing correspondence to Theodore N. Vail between 1887—1907 within Boxes 1-4 containing letterpress books for that period *3/9/14 letter mentions Morgan's desire to resign as director*
- Any outgoing cables to Theodore N. Vail between 1887—1907 within Box 31 folders 1-4 containing cables from that period *letter author to send Morgan complementary samples*

I may also want to review Boxes 42 and 47 for any correspondence between Morgan and George Baker concerning Theodore Vail or AT&T between 1887 and 1907.

4/17/2007

Thanks in advance,
Susan Burgess

Collection overview

A brief overview of this collection is available in the Morgan's online catalog, CORSAIR. The collection-level record includes hyperlinks to names and subjects represented in the collection; descriptions of related material may be found by following these links.

ADMINISTRATIVE INFORMATION

Processing information

This collection is not fully processed. In many cases the original file titles have been transcribed from the old folders and no further processing or description has yet been undertaken. Original file folders have been discarded and replaced with acid-free folders; for the second half of the collection (rehoused in 2003) the original file tabs were retained. An initial typed inventory of this collection was presumably made by Library volunteers; it was checked and augmented in 2003. Introductory information by Christine Nelson, 2004.

Provenance

Personal papers of J. P. Morgan Jr. removed from the offices of J. P. Morgan & Co. by Charles Morgan, grandson of J. P. Morgan Jr. Gift of the Morgan family, [date unknown].

Accessibility

The collection is open for research by appointment. The following page provides information on conducting research in the Morgan's Reading Room:

DETAILED COLLECTION INFORMATION

Biographical note

J. P. Morgan Jr., the son of financier Pierpont Morgan (1837–1913), was known informally as “Jack.” He headed the firm J. P. Morgan & Co. after his father’s death in 1913. He inherited the bulk of his father’s art and library collections, and in 1924 created The Pierpont Morgan Library as a public institution. He married Jane Norton Grew (1863–1925) in 1890; they had four children: Junius Spencer Morgan Jr. (1892–1960), Jane Norton Morgan Nichols (1893–1981), Frances Tracy Morgan Pennoyer (b. 1897), and Henry Sturgis Morgan (1900–1982). Morgan’s homes included a brownstone on the corner of 37th Street and Madison Avenue (229 Madison, now 231), New York; Matinicock Point in Glen Cove, Long Island; a townhouse on Grosvenor Square, London; and Wall Hall, a country estate in the village of Aldenham, near Watford in Hertfordshire, England; he also rented a hunting lodge, Gannochy, in Scotland.

Scope and content

The personal papers of Jack Morgan include letterpress books of copies of outgoing correspondence; cable books; a brief alphabetical series (in two parts) of letters received; and a large number of subject files on topics including philanthropic activities, family financial matters (including extensive documentation of the estate of his father), family house inventories and real estate, clubs and associations, individuals with whom he corresponded, schools and universities (including Harvard), companies, travel (including information on his yachts Corsair III and IV), art and library collections, the Morgan Library and the Metropolitan Museum of Art, World War I, war reparations, and personal ledgers. Although business matters are touched upon throughout the collection, the papers do not include official records of J. P. Morgan & Co. There is also a long series of letters from Morgan to his mother, Frances Tracy Morgan.

Arrangement note

Collection is in original order; inventory reflects the order in which items were received at the Library. File numbers have been assigned in various ways. Boxes 1–30: file numbers derive from the original numbers on the letterpress volumes. Boxes 31–41: file numbers assigned by Morgan Library. Boxes 42–49: file numbers reflect alphabetical sequence. Boxes 60–93: file numbers transcribed from original files; not every file number is present because not all files were received by the Morgan Library. Boxes 94–115: file numbers (second sequence) transcribed from original files; not every file number is present. Boxes 116–235: file numbers assigned by Morgan Library. The box numbers were assigned at the Morgan Library when collection was originally housed in flat boxes; the collection has now been rehoused in flip-top boxes, but the old box numbers have been retained for now until the collection is fully processed.

Preservation note

Although the collection is housed in acid-free containers, metal fasteners have not been removed and clippings and brittle items have not yet been photocopied onto acid-free paper.

Related material

Several books from J.P. Morgan Jr.'s office have been accessioned and cataloged on the item level. Descriptions of additional material related to J.P. Morgan Jr. are available in CORSAIR.

American Telephone & Telegraph Co.—Convertible Bonds.

The \$100,000,000 4% convertible bonds recently sold, providing for the company's capital requirements for two and possibly three years to come, are part of an issue limited to \$150,000,000, to be dated March 1 1906 and to mature March 1 1936, interest to be payable semi-annually on March 1 and Sept. 1. Both principal and interest are payable without deduction for any taxes which the company may be required to pay or deduct therefrom. The bonds are to be convertible at par, at the option of the holder, into common stock at 140% of par (except as below stated), after March 1 1909 and before March 1 1918, and in the meantime up to 30 days prior to the date of redemption named in any redemption call. All or any part of the issue may be redeemed on and after March 1 1914, at 105 and interest upon twelve weeks' notice.

The trust indenture under which the bonds are to be issued is to contain substantially the following provisions, which are to remain in force so long as 5% of the bonds shall be outstanding, viz.:

In case the company shall sell or issue stock in addition to the amount thereof now outstanding in the hands of the public, the price at which stock shall be issued in exchange for bonds offered for conversion shall be reduced upon the following basis, viz.: To the aggregate value of said existing outstanding capital stock, valued at the price of \$140 per share, shall be added the aggregate amount of money actually received by the company from the sale or issue of such additional capital stock other than stock issued upon the conversion of bonds. Such total shall be divided by the aggregate number of shares of stock then outstanding in the hands of the public, exclusive of stock issued upon the conversion of bonds, and the sum resulting from such division shall be the price per share (in no event to exceed \$140) at which stock shall be issued upon such conversion.

If the company shall create any mortgage upon its properties and franchises as described in said indenture, or any new collateral trust indenture under which securities now owned by it or purchased with the proceeds of said convertible bonds shall be pledged, provision shall be made therein for securing said convertible bonds ratably with other obligations issued under such mortgage or collateral trust indenture.

During the term of said bonds, the company shall not have outstanding at any time unsecured bonds or notes in excess of \$150,000,000 (except obligations payable in less than one year and for an aggregate amount not exceeding \$10,000,000 outstanding at any one time), unless there be paid into the treasury additional money from the sale of stock, in which case the company may issue additional unsecured bonds or notes to an amount equal to the money so paid into the treasury.

New Subsidiary.—See Pioneer (Bell) Telephone & Telegraph Co. below.

Large Stock Interest Held by Mackay Companies.—See report of that concern under "Annual Reports," V, 82, p. 450.—V, 82, p. 394, 336.

Balaklala Copper Co.—New Company.—This company was recently organized under the laws of Maine with \$10,000,000 of authorized capital stock; par value of shares \$25 each, full paid and non-assessable; also \$1,500,000 outstanding 8% bonds, expiring \$300,000 a year starting in 1907.

Takes over the entire outstanding stock of the Balaklala Consolidated Copper Co., organized under the laws of Nevada. The subscription price of the 300,000 shares issued (\$7,500,000) was \$12 per share (48%). This would equal \$3,600,000, plus bonds \$1,500,000, which would mean the property was floated on the basis of \$5,100,000, 100,000 shares (\$2,500
